

Spotify Re-Wrapped 2024

Spotify Wrapped for 2024 didn't quite hit the mark, so I decided to take matters into my own hands. This project dives into my actual listening data to get a better picture of my music tastes. By analyzing various aspects of my Spotify history, I can uncover patterns, preferences, and trends that Spotify's summary might have missed. From listening times and favorite artists to genre distributions, this project aims to create a more accurate and personalized Spotify Re-Wrapped experience.
